

With over 15,500 students, four departments with more than 270 professors and more than 1,000 employees in teaching, research and central service units, Frankfurt University of Applied Sciences is one of the largest universities of applied sciences in Germany. "Opportunities through education" is our living motto. Practical relevance, interdisciplinary education, international orientation and regional integration characterize our profile. Diversity and social responsibility are our values. We are sustainable in all dimensions. Excellent quality in teaching and research is our aspiration.

We are looking to fill the following position in **Faculty 3: Business and Law** as soon as possible.

Professor (W2 salary scale HBesG, Hessian Federal Civil Service Remuneration Act)

in the following subject area:

**General Business Administration, in particular Operations and
Aviation**

Job advertisement number P04/2024

We are looking for a person with an affinity for teaching and research with outstanding communication skills, a willingness to cooperate across disciplines and a creative drive, who is ideally very well networked in the aviation industry.

Your tasks will include teaching in our Bachelor's and Master's degree programs in German and English, including basic courses on production and logistics as well as aviation management.

A relevant degree and a very good doctorate are required, ideally in one of the subject areas to be represented. Furthermore, you should have extensive practical professional experience and a large practical network that reflects your business expertise in the areas of operations and aviation.

Since you are interested in working at the Mobility and Logistics Doctoral Center, you should also be able to demonstrate that your work fits in with the research focus on mobility and logistics at our university.

In addition to team orientation, commitment, enjoyment of working in teaching, research and self-administration, we expect a high level of presence at the university and intensive support for students.

Applicants are requested to submit a teaching and research concept in line with the strategic orientation of the department. Further information can be found at www.frankfurt-university.de/Fb3-Bewerbung.

For further information, please contact Prof. Dr. Bierwirth (benjamin.bierwirth@fb3.fra-uas.de).

The position is available for an unlimited period of time. When first appointed to a professorship, employment is initially on a probationary civil service basis or on a permanent employment basis with a three-year probationary period.

Conditions of employment, further duties and prerequisites result from §§ 67 - 69, 75 and 76 of the Hessian Higher Education Act; to be viewed at www.hmwk.hessen.de.

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age, and sexual orientation and identity. People with disabilities are given preference in cases of equal personal and professional suitability. As a holder of the "Family-friendly University" certificate, the university will take your individual family situation into account when organizing your working hours.

Applications with the usual informative documents (incl. teaching and research concept, list of publications, projects, description of previous teaching and research activities) are requested **by April 08, 2024**, quoting the reference number, by e-mail to info-prof@hr.fra-uas.de (please send all documents in one PDF file):

**To the President of the
Frankfurt University of Applied Sciences,
Human Resources,
Nibelungenplatz 1, 60318 Frankfurt.**
